Corner Sofa CS-C-01

## Le-Man corner sofa

Modular corner sofa made of beech wood and MDF.

The modules have large shelves that can be added or removed according to the customer's wish.

The covers of the collection can be made of artificial leather or various textiles. The set includes leather handles, which give it a unique look.

The collection has a wide choice of colors and textiles, which will allow you to combine it in any interior.

The set includes 11 modules of different sizes, right and left versions:

- middle corner module
- edge modules:
  - 1.438 mm,
  - 1.238 mm,
  - 902 mm,
  - 802 mm,
  - 466 mm
- to the right and left versions

The modules allow you to place the sofa even in the very small spaces.

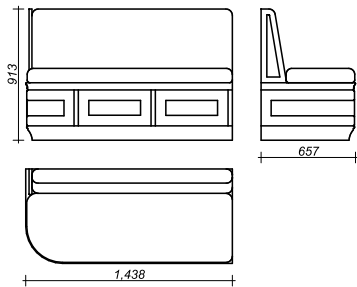

The used materials are beech wood, European dyes, natural acrylic-based paints Renner and Sayerlack, Spanish washable textiles, leather, and European accessories: Blum, Grass, Hettich.

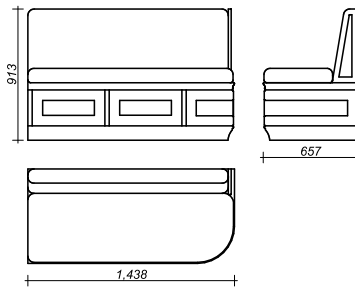

## Moduls Structure

This page presents the right and left versions of the modular sofas of different sizes according to the codes. You can choose the composition you want.
